David Shapiro, Vice President of Sales since December 2006.

Experience:

- Regional Vice President – Sales for Novartis Medical Nutrition
- Senior National Account Executive with Mead Johnson Nutritionals

Product Overview

Pro-Stat (R) is pure liquid protein that is predigested by papain, a fruit enzyme, creating a hydrolysate. The hydrolyzed Pro-Stat (R) protein increases absorption and assimilation because the large protein molecules are broken down into free amino acids and polypeptides. Pro-Stat (R) products are certified Kosher and available in a variety of flavors, such as Wild Cherry Punch.

- **Pro-Stat (R) Profile (TM)** is formulated for those whose dietary intake is limited in essential amino acids and require extra protein. Pro-Stat (R) Profile (TM) provides a concentrated source of complete protein and energy with the IOM 2005 essential amino acid pattern (PDCAAS=100%).
- **Pro-Stat (R) 64** is a liquid protein formula fortified with L-tryptophan and is rich in Arginine, Glycine, Proline and Hydroxyproline. Having a high nitrogen donor capability, it enables accelerated tissue healing in patients with pressure ulcers, malnutrition, and low albumin levels. Sugar and carbohydrate free, it is an ideal formula for diabetics.
- **Pro-Stat (R) 101** liquid protein formula is an enzyme-hydrolyzed concentrated protein fortified with L-tryptophan. Per serving, Pro-Stat (R) 101 has 15 grams of protein and 101 k/cal per 30 ml (one ounce), and is hydrolyzed for rapid absorption.
- **Pro-Stat (R) AWC** is a liquid protein formula containing 17 grams of protein, with added L-arginine, zinc and Vitamin C, all of which are progress wound healing, build muscle, repair tissue and fight infections. The added Cystine aids in promoting positive nitrogen balance for minimizing muscle breakdown.
- **Pro-Stat (R) RC** is a liquid protein supplement combined with B vitamins, zinc and FOS (for intestinal health). B Vitamin benefits are manifold, and are needed for enhanced circulation and blood formation, antibody production and cell growth, as well as the metabolism of fat, protein and carbohydrates.

Fiber-Stat (R) with FOS* looks and tastes like water, but delivers 15 grams of natural soluble fiber per 2 tablespoons (30 ml) for gentle and reliable bowel regulation and prebiotic intestinal health.

UTI-Stat (TM) with Proantinox is a natural urinary tract cleansing complex containing a proprietary blend of concentrated Cranberry Proanthocyanidins, Ascorbic Acid, D-Mannose, FOS and Bromelain to inhibit adhesion of infection causing E-coli bacteria to urinary tract walls and help prevent recurrence of infection.
